366 Atlantic Avenue

Brooklyn, NY 11217

For most accurate results, ask a friend or professional tailor to assist in taking measurements.

Bust – measure under arms at the fullest part of the bust. If you will be wearing a padded bra, take measurement with and without bra.

Natural waist – measure around natural waistline. Do not pull tape measure too tightly.

Hips – measure around the fullest part of the hips (approximately 8” below natural waist)

Back waist length – measure from prominent bone at base of neck to natural waist

Waist to floor(necessary for full-length styles) - measure from natural waist to floor (specify with or without shoes)
